

**Mad River Watch Site Profile**

**WARREN COVERED BRIDGE**

**Site Coordinates:** 44.110972, -72.857222

**Site Location Description:** Warren Covered Bridge over the Mad River in Warren.

**Parking and Access:** Park in pull out next to Mill Rd on western side of the bridge. Access the site on southwestern side of the bridge down a very steep embankment or walk up Covered Bridge Rd a few feet and access down the grassy bank.

**Sampling Location:** Southwestern side of bridge, next to concrete abutment.

**Ease of Access:** Short, steep access - difficult.

**Analytes:** Temperature, Conductivity, P, N

**Riparian Buffer Description:** Village and residential homes on either side of the bank, long grassy vegetation except for a stone wall on the northwest side of the bridge. A few trees.

**Naturalist Notes (Ecology, History, Wildlife, Plant Species, etc.):** Eastern phoebe and Northern cardinal singing near the bridge.

**Other Comments:** If this designated access is not comfortable for you, you may access the river near the bridge in any way you feel most comfortable.
