

Watershed Engagement Coordinator

Friends of the Mad River, Waitsfield, Vermont

Water connects everything and everyone across the landscape. Serving as the Watershed Engagement Coordinator with Friends of the Mad River will give you valuable experience connecting the dots between healthy land, clean water, and the vibrant Mad River Valley community. In the context of a changing climate and landscape, you will help build resilience, adaptability, awareness, and inclusion into our watershed community by working with the Friends of the Mad River team to coordinate events and opportunities for education and community engagement. These events will come in many shapes and sizes, from community forums on the Vermont Climate Action Plan to guided naturalist hikes and climate-focused book clubs. Creativity is encouraged! Your work will connect you with important partners and decision makers and help inform the future of conservation in the valley. A passion for bringing people together, a commitment to following the science, and a love of the outdoors will help you find success in this position.

This position is part of the Vermont Housing & Conservation Board AmeriCorps (VHCB AmeriCorps). The VHCB AmeriCorps program supports the innovative dual-goal approach to creating stable affordable housing opportunities for Vermont residents while preserving the natural and working landscape. VHCB AmeriCorps is a national service program that places members with non-profit housing or land and energy conservation organizations around the state.

Friends of the Mad River (Friends) is a member-supported, nonprofit organization, founded in 1990. Friends is dedicated to stewarding the Mad River Valley's healthy land and clean water for our community and for future generations. We build diverse partnerships of neighbors, businesses, towns, and other organizations to restore and enhance the watershed's valued resources. Together, we learn about the health of the land and water; conserve our natural resources; and celebrate this special place. Our work is grounded in sound science, inclusive education and engagement, and thoughtful action.

Essential Functions:

- Develop events list and calendar with Friends staff and community partners
- Coordinate public educational and engagement (E&E) events and projects focused on;
 - Climate change and climate resilience
 - Ecology, watershed health, and water quality
- Attend and document events (photography skills welcome)
- Engage community partners to develop new E&E opportunities
- Compile a final report to document events, including attendance, photos, and key takeaways
- Support and expand existing Friends programs, including;
 - Mad River Watch – develop E&E opportunities tailored to Mad River Watch volunteers
 - Storm Smart – engage private landowners and managers to reduce the impacts of storms through education and direct implementation of Green Stormwater projects
 - Environmental Restoration – provide direct support removing invasive species, planting riparian buffers and upland forests
